### Comments about **Far From The Tree EP** - Bob Moses

#### Trash Obsession

"far from the tree" is a masterpiece. I am very happy to own a copy !!!

### **Yozshugore**

Bummed to have sold this record. It really grew on me after a couple of years.

### **Aurizar**

You can get all the songs on this EP, plus more, with this release here:  
<https://www.discogs.com/Bob-Moses-All-In-All/release/6914947> Plus a lot cheaper

### **Very Old Chap**

RSD 2015 passed and i still feel fortunate to own this record.

### **Preve**

excellent !

### **Ochach**

repress on the way. check bob mores facebook for updates

### **Whitegrove**

Repress (found here: <http://www.discogs.com/Bob-Moses-All-In-All/release/6914947>) even contains a couple additional songs that weren't on the original pressings: "It's Gone" from Hands to Hold EP and "Stealing Fire" from Far From the Tree EP. Repress is the way to go! Sounds great too

### **Munigrinn**

Too much vocals...why are the vocals in every song nearly over the entire song. Could be so great without the vocals. DUB-Version please!

### **Zamo**

That's why i play Interlooper on my parties :) perfect outro also

### **Beranyle**

Yes! Why not release a normal version with vocals, and one vocal-less DUB-Version?

### **Blackbrand**

Seriously? With all of the soul-lacking house music tripe that's out there you want to change something that is rare and perfect?

### **Samutilar**

there aren't any vocals on B2. also, i think the vocals are a big reason why I love this record so much. a big reason why this is practically unavailable to purchase now.

### **Trash**

Anyone interested in selling their copy and/or have an extra?

## **Xtreem**

These guys' last EP was superb & this one is even better - all the tracks here have great depth & beauty, but "Far from the Tree" is the one for me :absolutely sublime. I've lost count the number of people who've done the "wow what IS this track" thing when I've played it. Respect.

## **LONUDOG**

"All I Want" steals the show on this release. Dark and haunted. Play this at peak hour and people's jaws will be hanging open with a look of disbelief.

## **bass**

This is my #1 vinyl I have in my collection. All I Want is an amazing single and I am going to cherish this 12" forever! Pick this up ASAP if you have the chance. AMAZING release. Cannot rave about it enough. Goes great in any set that I have played. Crowd plays REAL well to this.
